

GREEN GAMING

Training course for Youth Work

Info pack for participants

Arrival day: Friday 7th October 2016 (Morning)
Departure day: Friday 14th 2016 (After lunch)
Guía de Isora, Tenerife / Canary Islands - Spain

We are happy to send you the information about the Training Course **Green Gaming**, this is a very special project and we want you to be motivated and ready to put your energy and enthusiasm into it.

A warm welcome to all the participants from **Italy, Greece, Latvia, Czech, Portugal, Polonia, Hungary, Romania and Spain.**

1. The Project

GREEN GAMING is a training seminar to learn, create and share new tools for non-formal education, based in **gamification techniques**, in order to apply them to **environmental education activities** and make them more attractive to the youngsters within parthers association works for.

During 8 days, the 24 youth leaders, youth workers and trainers of 9 countries in Europe, will work together in Tenerife to **learn how to use game mechanics in natural environments**, in order to enhance motivation, concentration, effort, loyalty and other positive values common to all games.

During the seminar, participants will **share some examples of success** and have the opportunity to **create new tools**, based on the concepts of **Deep Ecology**, that will be implemented with young people living in rural areas of the South of the Island. And finally will be shared on the Net so they can be implemented by all groups working in the field of environmental education.

The best game is the one where you don't realize that you're playing. Through play we learn to motivate young people to **acquire sustainable life habits and consciousness of being part of nature** in which they live. And it is that the game is, has been and will always be, part of human nature.

2. The programme: Activities

During the 8 days of the TC we will have the opportunity to meet each other, and **discover the nature and culture of Tenerife**.

The activities program is not closed yet, to adapt to sending organizations activities, and to local conditions like the weather so be aware that some of the planned activities can change.

We will propose you to make some **natural visits**, and visit some local groups, hike in the island, and some **educational workshops** about **gamification, environment work** and enjoying, and of course, to learn more about the **different cultures** of each of the participant countries.

We will ask to every National Group to prepare something special to present his country and traditions to the other participants in the **intercultural Market**.

During all the activities and at the Training Course we will communicate each other in **English**.

5. Travel instructions

You can choose different options **to come to Tenerife**, there are **two international airports** on the island, so depends on which airport you choose we will set a proper **meeting time**, according to your arriving times so tell us if you will arrive in a different timetable by fill your application form to take in mind your connections.

The south airport is be closer to the venues, but the bus connection is good, so pick the cheaper option for you.

Tenerife Southern Airport
(Reina Sofia)

6. The venue : Food and accommodation

We will stay at a **youth hostel** located in **Guía de Isora**, a village in the midway of mountains and sea.

We will have most of the meals during the exchange there, all covered by the project. When we will have some activities out, to simplify the logistic and help to co-found the project, we will ask participants to cover only the costs of one lunch and one dinner by themselves.

Once there we will explain the basic rules of the hostel, like there is not allowed to drink alcohol, during the whole course or smoke at any place of the hostel.

You can find more information about Guía de Isora at:

www.guiadeisora.org/en/tourism

And, a group of young people show us the youth hostel:

7. Things to bring with you

The weather in Tenerife in that time is unstable and could change a lot, depending on the place of the island we are.

So if we are lucky with weather and for the activities outside we recommend you to bring a **strong solar cream and cap, sunglasses, some walking or sport shoes, bag pack for hikes, towel and swimming suit.**

For the time at the mountains that can be much colder and wet, we

recommend a **light rain jacket and jumper**.

At the hostel there is bed linen and blankets, but you need to bring your own towel

8. Finances / Travel Cost

We have a travel limit cost per each country per person, and from that total cost of the trip, we will reimbursement up to the maximum allowed according to the Erasmus+ distance calculator:

Portugal 275€
Italy 360€
Grecce, Czech, Poland and Hungary 530€
Latvia and Romania 820€

We will try to do the reimbursement as soon as possible after the exchange, and for that we need that all of you collect the original receipt of the plane tickets, as well as the boarding cards.

When we have check all documents we will made one international bank transfer to each participant.

All participants must attend to the whole activities of the youth exchange, and follow the common rules, in order to receive back the refund of travel cost.

9. Insurance

We have all participants cover with an Third Party Liability insurance in case of accident, and a medical insurance during the time of the Training Course. But in case some medical attention is needed we recommend you to bring with you, also the **European Health Card**. (The Blue Card) than normally you can ask for free in your health office.

If each participant want to have an extra travel insurance, will have to cover by it self.
