what is "new context"?

Doing trainings is a fascinating field, it creates fulfillment for you as a trainer and it can also be significant for others in their learning.

Although the process itself is exciting and dynamic, it requires a lot of different skills, it can be overwhelming and it knows many pitfalls.

Here we are offering educators the chance to bring their training skills to another level based on our experience.

read more
"on context and its wonders"

what are the subjects?

how to create context with language

group dynamics - how to work with a checklist of observations and interventions

how to create context so learning will happen

how to handle feedback that you get as a trainer

working with non-verbal communication

program design - the plan and the reality

state management - to prepare for a training and during the performance as a trainer

creating a trainer style or using a specific method

creating a product (training) or a project (dynamic forming of judgement)

how to create a training module (method of the Galan)

handling different forms (12) of resistance to change

the art of giving instruction

team coaching and trainership, what to use when

embodied training, how does it work and how to use it

how to build up a training program

positioning as a trainer during the training

dealing with your own and your participants' emotions

who can participate?

The training is open for youth workers, trainers, facilitators and teachers, who already have experience with trainings, workshops or educational courses.

trainers

Marko Vlaming

Marko started 25 years ago as a youth worker after obtaining his university degree in social and cultural work. Besides doing youth work and trainings, he uses coaching approaches in his daily work. In the last 12 years he developed into an all-round coach. Learning by experience as a method in coaching created a coaching approach that is very focused on working in the here and now. In his practice he works a lot with on-the-job coaching, supporting people to build up their life dream in the way they create fulfillment in their lives, using a wide spectrum of coaching methods and techniques that are currently available.

Tihana Dragičević

Tihana is a Ken Blanchard Situational Leadership accredited trainer and Head Coach in Elevate. She held the Board Member position for three years in Croatian Coaching Association. She has over 10 years of experience in education and makes greatest difference in: leadership, team and individual potential development, personal development and trainer education. After her business expertise in Allianz as a Trainer, Bayer as a Regional Sales Coach, experience as founder of Syncro, outdoor educational program manager in Outward Bound, she decided to merge all best practices and founded "Elevate", a platform for personal and professional elevation.

Lena Nasiakou

Lena believes that "play is our brain's favourite way of learning". She is designing, managing and delivering training courses about coaching, mathematics and personal development for youth, adults and teachers. Lena stimulates learning through body movement and theatre, which gives a dynamic and engaging aspect on the projects she is involved in. Like this, her creative side comes together with her profession as a trainer and learning specialist.

practical information

Zeesserweg 12, 7731 BG
Ommen, The Netherlands

Olde Vechte is a non-profit organization, based in Ommen, the Netherlands. It is an organization with a long experience in non-formal education, coaching, social and cultural work. Throughout the years it has developed site specific methodologies that had been adopted to different projects. Every year it approaches various social and cultural topics through projects run by professional trainers and international teams.

The foundation is open to anyone who is motivated to improve their personal and professional skills in order to create a better society and a higher quality of life.

Striving to bring a spirit and energy to each individual, the trainings and projects of Olde Vechte Foundation take learning as an organic process coming from the diversity of talents and motivations of the people involved.

The foundation works out of the vision to create a world that works for each and one of us out of love, care and cooperation.
