Conference “Different views and new narratives – (Re)Thinking Bridges between Young People in Germany and Turkey”

Berlin, June 25-28, 2018

Despite the challenging times, cooperation in the youth field between Germany and Turkey remains active and there is a continuing interest on both sides to work together, initiate innovative projects and continue the dialogue among young people from both countries. Now, more than ever, it is important to shed light on these activities and to support those active in the field.

The German-Turkish Youth Bridge, the Turkish National Agency, JUGEND für Europa and IJAB have started a workshop series in 2016 entitled “Innovative Approaches and Tendencies in German-Turkish Youth Exchange”. Two workshops took place in Berlin and Istanbul. Here, youth workers, researchers, artists and representatives of municipalities developed project ideas, discussed current trends and best practice projects and gave impulses for youth exchange and new initiatives between the two countries.

Building on these successful activities, the cooperating partners are now organizing the conference “Different views and new narratives” to reach out to a larger audience.
