FINANCIAL ASPECTS

Gamestorming: Gamification in Youth Information is funded by Erasmus+. We have chosen a standard quality accommodation and meals, the same that we would be offering to our friends and family. As a reminder, the focus of this event is strictly educational, so do not expect a stay in a 5* hotel. 3 Meals per day, refreshments, accommodation, and a full learning programme are covered. Please do not worry, you will get all the necessary. Later on we will send you a form to know about your dietary needs, so you can find us ready.

COVID-19 MEASURES

We strongly recommend that the participants be fully vaccinated, as the vaccination certificate exempts the travelers from COVID-19 testing before travelling to Spain and going back home. The fee of COVID-19 testing will be incumbent on the participants and not subject to reimbursement. We may arrange testing from a laboratory, in case somebody need it. If a participant turns COVID-19 positive in the testing occurring before the arrival to Spain, we commit to fully reimburse his/her travel expenses, given the provision of a positive verifiable certificate. Participants also need to fully respect the health protocol imposed by the authorities at the time of the seminar, the safety measures that apply to group events. These measures are subject to fast changes, however, we commit to communicating them with you 2 weeks prior to the seminar. Please count on wearing masks, keeping distance, and washing hands regularly.

INSURANCE

The hosting organization **does not cover travel and health insurance**. European Health Card is mandatory. Each participant shall have a valid health insurance and it is strongly recommended to have a travel insurance during participation in the seminar.
